How to Get The Most From Your Plan

Pre-determination of Benefits

Pre-determination of benefits is recommended for any extensive treatment such as periodontics, orthodontics or prosthetics. A description of planned treatment and expected charges should be sent to the Plan before treatment is started. If there is a major change in the treatment, a revised predetermination of benefits is required. The expenses that will be included as Covered Expenses will be determined by your Plan and are subject to the Alternate Benefit provision. When there has not been a predetermination of benefits, your Plan will determine the expenses that will be included as Covered Expenses at the time the claim is received. Predetermination of Benefits does not guarantee payment and expires one year from date of issue. The estimate of benefits payable may change based on the benefits, if any, for which a person qualifies at the time services are completed.

Alternate Benefits Provision

All covered procedures are subject to an alternate benefit allowance. When there is more than one technology or material type for a dental procedure, the dental plan will reimburse for the procedure which has the lesser allowance. When alternate benefit is enforced, your benefits are not intended to interfere with the treatment plan recommended by the dentist. You and your dentist should discuss which treatment is best suited for you, and may proceed with the original treatment plan regardless of benefit determination. If the more expensive treatment is chosen, you are liable for the balance up to the billed amount.

Waiting Periods – Timely Entrants

Timely Entrants are those employees that join the plan within 31 days of the following events: During initial open enrollment with Excellus (for new dental groups), As a new hire, After a qualifying event

Participating Dentists

Excellus BlueCross BlueShield offers a broad participating dental network in the Rochester, Syracuse, Utica and surrounding areas. You have the option of receiving care from a dentist of your choice. However, choosing a participating dentist may result in savings for you because participating dentists agree to accept our Schedule of Allowances as payment in full for covered services. Aside from any coinsurance, there is no balance billing for covered services when provided by a participating dentist – that's full coverage with no out-of-pocket expense for your covered routine preventive and diagnostic services.

Non-participating Dentists

This is not a contract or binding agreement; it is a summary of benefits and services. For complete details, please refer to your member contract.

You have the freedom to see any dentist. Non-participating dentists are not obligated to accept our Schedule of Allowances. You will be responsible for balances of non-participating dentists' charges.

This is not a contract or binding agreement; it is a summary of benefits and services. For complete details, please refer to your member contract.

National Dental Network (if applicable)

In addition to our local network, your Excellus BlueCross BlueShield dental plan gives you access to more dentists nationwide. The national dental network offers coverage in all 50 states, with access to an additional 123,000+ providers across the nation. You have the option of receiving care from a dentist of your choice. Choosing a participating dentist may result in savings for you because participating dentists agree to accept the national dental network Schedule of Allowances as payment for covered services. Aside from any coinsurance, there is no balance billing for covered services when provided by a participating dentist- that's full coverage with no out-of-pocket expense for your covered routine preventive and diagnostic services.

Annual Maximum Rollover Benefit (if applicable)

You can roll over a portion of your unused amount in your annual maximum to the next year if you submit at least one paid dental claim, and do not exceed the rollover threshold. Funds that roll over are added to the next year's annual maximum to be used for future treatment.
